Request for Proposal (RFP) for designing an AI Integrated Digital Platform

The National Institute of Public Cooperation & Child Development (NIPCCD), an autonomous organization under the aegis of Ministry of Women & Child Development, invites Request for Proposal (RFP) through mail and through sealed applications (with RFP superscribed on the envelope) to create an AI Integrated Digital Platform. The specifications of the Digital Platform are as described under:

- The platform should have Psychometric Tools for Assessment of Career Personality, Career Interest, Career Motivator, Learning Style, EQ and Skills & Abilities.
- Using the correlation theory and statistical models, it should be able to create for students selected career clusters and provide career path recommendations.
- It should clearly identify the skills and abilities of the student. The career profile should be created to provide objective road map for long term career development.
- The platform should also provide a library of resources for the students to study further and fine tune options for selection of courses, colleges for making optimum choices.
- The product should be available for children from Class VIII to Class XII, College Level Courses and for further professional advancements.
- The platform should also generate report after completion of assessment in a downloadable form for future use of the student.
- The platform should be available for co-branding and should indicate number of units of assessment under different plans and period of validity.

Interested AI designers/AI software developers/professionals may kindly mail/send their request for proposal to the email ID <parul.nipccd@gov.in> and hard copy to <Director , 5 Siri Institutional Area, Hauz Khas, New Delhi 110016> within 10 days from the date of publishing of this advertisement. After preliminary scrutiny, selected entries will be called for technical presentation prior to final selection. For queries and further information you may refer our website <www.nipccd.nic.in>.
